

# FRP MANUFACTURER

ENTIRE RANGE OF FIBRE GLASS INSULATION MATERIAL

## ABOUT INSULOFIBRE

INSULO FIBRE PVT LTD is one of the leading manufacturing companies of electrical insulation fibre products and thermal insulation fibre products. Established in 2014 as a partnership firm, we have emerged as a key player in Fibre Glass insulation market and incorporated our Private Limited Company in 2017.

We are ISO - 9001:2015 certified industrial Epoxy molded components and fibre glass products manufacturing company in India. Over the years we have established ourselves as specialists in this area with profound expertise and have earned a name of repute as one of the leading epoxy molded component and fibre glass products manufacturer.

Our products comprised of Fiber Glass Pultrusion components & FRP sheets for Electrical Insulation, Thermal Insulation and other engineering applications. The Pultruded products are FRP Epoxy Rods, Tubes, Rectangular Flats, Dog bones, Corners, angles, FRP Threaded rods, Washers, Spacers, Nuts & Custom Built sections. We also offer wide range of thermal electrical insulated products, FRP epoxy sheets, FRP polyester sheets.

Apart from this, we also provide custom design products in an exotic range which are used for diverse industrial purposes at industry leading prices. Moreover, we cater a broad range of industries such as Electrical, Electronic, Thermal, Chemical, Engineering and structural Applications.

We, Insulo Fibre Pvt Ltd, believe in accepting challenges and directing our service of excellence through well structured system embracing philosophies of national & international quality parameters.

We also own a wide spectrum of machineries required for manufacturing FRP products, work force of qualified engineers, experienced supervisors / technicians and devoted skilled workers ensuring that our product is meeting customers' requirement and highly reliable with durability. We also encompass the entire test facilities to measure all parameters specified by our customers.

## OUR VISION

The vision of Insulo Fibre Private Limited is to continue the heritage of our Company and be a premier Indian manufacturer of top quality Insulation products. We dedicate ourselves to be the supplier of choice when our types of products are being sought. This vision will be accomplished by sharing the responsibilities of planning and decision making with all of our employees. Insulo Fibre Private Limited will strive to maintain the Quality and image it has developed over the years with its suppliers, employees and community as a company of excellence.

## OUR MISSION

Our mission is to produce and continually develop quality products at a competitive price while fostering a climate where environmental technologies can thrive. We will always strive to service our customer with the utmost integrity, and to their complete satisfaction. It is our goal to ensure our mission by continuous self improvement, growth in our operations and employees; while maintaining profitability to the benefit of our customers, employees, and community. All employees will work together in combining their efforts and skills to ensure our mission and goals are fulfilled in a courteous manner.

### » Fibre Glass Core Rod for Insulator «

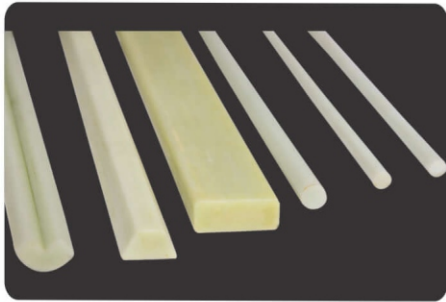

Insulo Fibre Private Limited is pioneer in Fiber glass core Rod for Composite/Polymer insulator. Fiberglass Epoxy Core Rod is suitable for application in Composite/Polymer Insulators and Lighting Arrestors.

Epoxy resins are impregnating compounds with the highest available quality of all comparable polymers for the Pultrusions of FRP rod materials. Hot curing Epoxy based resin in combination with anhydride hardener gives an aging/hydrolysis resistant high strength matrix component. Such Rods are exclusively manufactured under utilization of boron-free ECR-Roving's and epoxy resin.

Dia Meter: 10mm, 12mm, 14mm, 16mm, 18mm, 20mm, 22mm, 24mm, 30mm, 33.5mm, 40mm  
Color: Natural Green | Material: ECR + Epoxy

### » Fibre Glass Epoxy Pultrusion Components «

Insulo Fibre Private Limited manufactures variety of FRP Epoxy Pultruded profiles for electrical insulations that combine high strength and excellent electrical insulating characteristics for use in a variety of electrical products, like transformers, chocks, switchgears, lightening arrestors, OLTC, Antennas, cable trays, and motor wedges.

Sections: Dogbone, Corner Angle, Flat, Hat, Tube  
Color: Natural Green | Material: ECR + Epoxy

### » Fibre Glass Epoxy Sheets & Components «

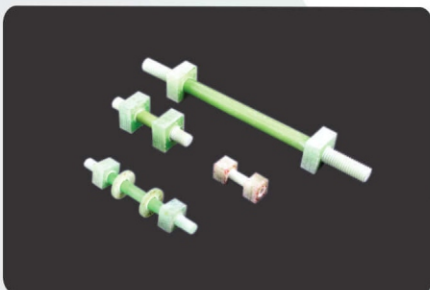

Insulo Fibre Private Limited emerged in providing a vast range of FRP sheets to its prestigious clients. Our skilled professionals have made the entire range of Base Plates using superior-grade raw material in compliance with the international quality standards and norms. We manufacture FRP sheets in different sizes ranges from 0.3mm to 100mm in NEMA FR4, NEMA G10, and NEMA G11 Grades.

We also own a wide spectrum of machineries required for machining of FRP Sheet components as per customer's requirement/Drawing.

Color: Natural Green, Green, Yellow, Red | Grade: NEMA FR4, NEMA G10, NEMA G11  
Size: 0.3 mm to 100 mm Thickness

### » Fibre Glass Fasteners «

We also provide the entire range of FRP fasteners. Products under this category are: FRP Threaded Rods, Stud, Nuts, Washers, Step Washers, Bolts, Dovetails, Spacers Etc.

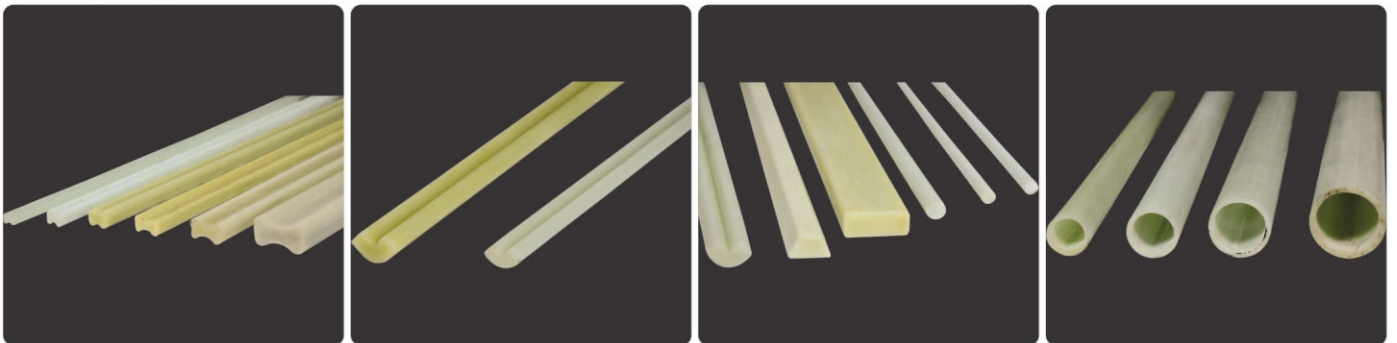

Size: M6, M8, M10, M12, M16, M20  
Color: Natural Green, Green, Yellow, Red
